# Women Techmakers

Ready to be inspired?
**Apply now** for 2019-2020 Women Techmakers Scholars Program!

**The Women Techmakers Scholars Program** supports women to excel in computing and technology, and become active role models and leaders in the industry.

---

## If the below apply to you, you're eligible!

- A female student studying computer science/engineering, or a closely related technical field
- Currently enrolled at an accredited university in Asia or Australia/New Zealand for the 2019-2020 academic year

## Why apply for this scholarship program?

**Award**        **Retreat**        **Community**

Scholars will each receive a cash award for the 2019-2020 academic year. This year's scholarship recipients will also be invited to attend the annual Women Techmakers Scholars' Retreat. This retreat will be a great opportunity to connect with fellow scholars and network with Googlers. Professional development and community outreach opportunities will continue to be offered after the retreat!
